

Australian & New Zealand  
Microcirculation Society

2021 Virtual Symposium  
October 5<sup>th</sup>-7<sup>th</sup>, 2021 (afternoons)

Meeting themes:

Inflammation and the microvasculature/microvascular pathology  
Extracellular vesicles (EVs) and the microcirculation  
Control of vascular tone  
Microvascular adaptations in pregnancy and perinatal outcomes  
Cerebrovascular biology  
Vascular remodelling / smooth muscle / angiogenesis

International keynote speakers:

Iain Greenwood (UK) – Ion Channels and vascular tone  
Styliani Goulopoulou (USA) – Pregnancy and the vasculature  
Yong Song Gho (South Korea) – EVs and metastasis  
Joanna Kalucka (Denmark) – Endothelial cell transcriptome  
Don Welsh (Canada) – Ion channels in the vasculature

Invited presentations from Early Career Researchers  
Opportunities for Oral and Poster presentations from submitted abstracts  
Prizes to be awarded

*Free registration for ANZMS members – Join/rejoin via [www.anzms.org](http://www.anzms.org)*

Key dates: Abstract submission deadline – Friday 17<sup>th</sup> September, 2021

For information on registration and abstract submission, go to:
